Learn to Transform Your Classroom with
New and Innovative Ideas!

June 19- 22, 2017

**The real world is rich, fascinating, and compelling –
how do we empower our students to see it that way?**

As teachers we nurture students' curiosity and encourage them to explore the world through reading and writing. To support this endeavor, Accelerated Literacy Learning is presenting a four day summer Writers/ Readers Summer Institute.

Writers Workshop includes:

- Planning, implementing and launching Writing Workshop.
- Ways to construct mini lessons.
- Methods to confer with students about their writing.
- Tools for assessing student's work.
- Ideas for nourishing your own writing life in order to become a better teacher of writing.
- Aligning Writers Workshop with IBYP

Each day will be structured to include grade level content sessions focused on the introduction to Writers Workshop, as well as provide an opportunity for participants to work on their own piece of writing.

Readers Workshop includes:

Grades K-2
